My experience with Kinderii Eduplay has been wonderful. My daughter was with Kinderii about 5 months old & has grown to be a more confident & independent child compared to other toddlers of her age. Most importantly, she has never complained that she does not want to go there before. I believe the teachers & Ms Lee are truly caring even the child feels comfortable being there. Kinderii feels more heartwarming compared to other childcare. Lastly, would like to wish Kinderii success in its' future endeavours & continue with their passion in childcare services.
